MEMBER BENEFITS

The Centre for Competitiveness membership offers access to a cutting-edge suite of performance tools and strategies for both individuals and organisations. Our resources provide the data and insight needed to revolutionize the way you work. Bringing together an international network of vision creators and change makers, our membership offers a collaborative ecosystem for organisational improvement.

Join over 500 organisations Ireland-wide to benchmark, share, learn and build your business, brand and reputation.

Based on membership level, registered members can access services such as:

- Free High Level Innovation Assessment (based on International Accreditation)
- Free High Level Sustainability / Circular Economy Assessment (UN Compliant)
- Free attendance at bi-monthly webinars on energy related technologies
- Site visits to offer advice and support around business strategy
- Free bite-size virtual or in-house workshops for up to 10 people
