

Start Simple!

EFQM is proud to announce the launch of the new **EFQM Committed to Excellence Assessment** – a simple way to get started on your journey to excellence.

This assessment has been specifically designed to provide the comprehensive independent feedback you expect from an EFQM Assessor Team but with considerably less paperwork.

- Customer Management
- People Management
- Process Management Sustainability

How does it work?

Depending on the outcome of the assessment, you will get EFQM Committed to Excellence 1 Star or 2 Star International Recognition.
