

**Innov8n Waves® -**

Innov8n Waves® is a structured and systematic approach to building a company or organisation's 'Capability and Capacity to Innovate'. Experience suggests that many companies can have moments of innovation insight that can be captured, but to do it in a repeated and sustainable way is quite a different thing. It's a big challenge to say the least. Innov8n Waves® has been proved with working with over 300 small and medium sized enterprises from the private and voluntary sectors over a five-year period. This diagram sets out the 8-stage process: -

We have a complete portfolio of tools and techniques for each of the 8-stages in the Innov8n Wave® systems approach to innovation capability building.
