What is Innova8n Juggler®?

It is an approach to improve your capability to innovate, thereby creating additional value for your company. It is based upon the most widely used

Business Planning and Improvement tool throughout Europe, the EFQM Excellence Model© Framework for Innovation™.

It is a simple, questionnaire based, self-assessment. You answer 36 straightforward questions and you will be provided with a comprehensive report that will give you a benchmark confirm your strengths and give you 9 real and tangible ideas for improving your innovative capability.

This tool is best suited for companies over 3 employees. Medium and larger companies also find value from it as a method to engage their people to start talking about innovation.
